Your essential plan information is currently available online.

Visit the secure document portal online at **SilverScriptEmployerPDP.MemberDoc.com** or scan the QR code below. All you need to view your documents is your member number found on your member ID card and your zip code.

Use Caremark.com to access the pharmacy locator tool, look up drug costs, and manage your prescriptions.

Your plan documents

Your plan documents contain important information about the plan. Online documents are kinder to the environment — saving both trees and landfill space. You can access them anytime, anywhere, from your personal computer, tablet, or other device.

Evidence of Coverage (EOC)

Your EOC is a complete description of coverage under your Medicare Prescription Drug plan. It explains the plan rules, your rights and responsibilities, how your coverage works, and what you pay as a member of the plan.

Formulary (List of Covered Drugs)

The formulary is a list of drugs covered by the Medicare Part D portion of your plan. Along with the drug name, the formulary shows each drug's tier level, which can affect how much you'll pay for the drug. It also lists any special requirements, like prior authorization, quantity limits or step therapy.

Pharmacy Directory

Our pharmacy network includes national chains, local pharmacies, and mail service pharmacies where you can get your prescription drugs. The directory includes a list of the network pharmacies closest to you and shows you which pharmacies offer standard cost sharing and which offer preferred cost sharing.

Tips for using your online documents

- Pressing the **“CTRL” and “F” keys** at the same time on your computer keyboard
- Clicking the magnifying glass icon (🔍) on your smartphone or tablet

Both allow you to jump to specific words or phrases wherever they appear in the document.
